RESPONSE TO NOTICE TO FILE CORRECTED APPLICATION PAPERS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In complete response to the Notice to File Corrected Application Papers

("Notice") mailed on September 13, 2004, applicant submits the following items:

- [X] Pursuant to 37 C.F.R. § 1.125(a), a substitute "specification," including clean copies of the original specification, original claims, original abstract, and original sequence listing in accordance with 37 C.F.R. § 1.52.¹

The Notice indicated that pages 1-26 were not in compliance with 37 C.F.R. § 1.52(a). Pages 1-26 included the original specification, original claims and original abstract. However, the sequence listing (7 pages in total) was also originally filed as part of the application. Therefore, applicants have hereby provided the original sequence listing as part of the enclosed substitute "specification."

Additionally, 37 C.F.R. § 1.125(a) only permits previously entered amendments to be included in the substitute specification. Applicant has no indication that the amendment to the specification (on the first page, before the first line), which was requested in the Utility Patent Application Transmittal Letter filed on July 22, 2003 with the original application, has been entered. Thus, the enclosed substitute "specification" does not include this requested amendment. Rather,

¹ This substitute "specification" has been required by the Office and is thus filed under 37 C.F.R. § 1.125(a) as opposed to being filed under 37 C.F.R. § 1.125(b). Section 1.125(a) does not require the substitute specification to be filed with a statement that the substitute specification includes no new matter. Further, the requirement under 35 U.S.C. § 1.121(b)(3) does not appear applicable since the substitute "specification" has been filed under section 1.125(a) and not under section 1.125(b).

the substitute "specification" is based solely upon the original as-filed application documents.

- [X] Submission of Formal Replacement Drawings, including 11 sheets of drawings.
- [X] Pursuant to 37 C.F.R. § 1.821(e), a copy of the sequence listing in computer readable form.
- [X] Declaration Under 37 C.F.R. §§ 1.821-1.825.
- [X] Copy of Notice.

If there are any questions with regards to this submission, the Office is invited to contact the undersigned at the number below.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.

Pages 1-26 are not in compliance with 37 CFR 1.52(a).

If applicant desires the sequence listing in the instant application to be identical with that of another application on file in the U.S. Patent and Trademark Office, such request in accordance with 37 CFR 1.821(e) may be submitted in lieu of a new CRF.
